Modern Web Applications

Fast, scalable apps built with Next.js 16, React 19, and TypeScript with server-side rendering and edge optimization.

Performance & SEO

Optimized for speed with Core Web Vitals, JSON-LD structured data, sitemap, and search engine best practices built in.

Clean UI & Animations

Smooth Framer Motion animations, dark/light theme support, and pixel-perfect responsive design across all devices.

AI Integration

Built NexusAI - an AI-powered chat application with OpenAI integration, real-time responses, and modern interface design.
